

How to Install NextCloud Client

Vincent Wu - 2025-08-13 - Applications

1. Download the client for your operating system here:
<https://nextcloud.com/install/#desktop-files>
2. After installation, click 'Login to your Nextcloud'

3. Enter our server address: nextcloud.eoas.ubc.ca

 Add Nextcloud account ✕

Server address

nextcloud.eoas.ubc.ca

The link to your Nextcloud web interface
when you open it in the browser.

< Back Next >

4. Use your EOAS credentials to connect.

Switch to your browser to connect your account
